Hi, Jeffrey,

So far no activity here at my home. The Nation did put up a sign to prevent people from going into the back of the property. I have not received any emails from the school or the other contractors. It's almost July. The irrigation water is in the canal. Have you heard any further information that could reassure us that they are actually going to do what Cliff and the Nation advised them to do?

I'd appreciate any information.

Thank you,

Simon and Sandra L. Gaytan.

Hello,

Yes, I have contacted an attorney. He is being made aware of what was going on. I'm not worried when I have Paul on my side. He is brilliant. I have know him for years. I will be forwarding everything I get to him.

Thank you for the update.

Hello.

Yesterday, the attorneys representing Groat Brothers requested 2 additional weeks to coordinate and compose a work plan. Cliff had spoken with the attorneys over a couple phone calls and felt comfortable that they were going to conduct the clean up action. For this reason, EPA agreed to give the 2 week extension. Their new due date is April 16.

I am concerned that no one is coordinating with you. While the good new appears to be that no one is asking you for money to contribute to the cost of a clean up, the bad news is that you are not being informed of what the plans are and your concerns may or may not be considered. Did you contact an attorney to represent your interests?

In my conversations with Cliff, he has opined that it very well may be a good idea to have someone working exclusively for you needs.

Hello Jeffrey,

I'm emailing to ask if you have heard anything from Cliff regarding the clean up. I have emailed Groat and have not received anything from him. I emailed Clark and he said his attorney is in charge of it. I tried to email the Nation and my email wouldn't go through. So basically I haven't heard anything. I know Cliff said they need to have a clean up plan in today. I'll await your response since I'm anxious to to have this resolved and done. Hope to hear from you soon.

Sincerely,

Sandra L. and Simon Gaytan
